DIN MURSTEN

Når man vælger sin mursten, skal man have 100 % ro i maven. Vi anbefaler derfor, at du ser stenen i virkeligheden, inden du endeligt beslutter dig. Mursten kan også afvige og variere svagt i farven afhængig af lerets bearbejdning og brænding. Det er det, der gør netop din mursten til noget særligt. Kontakt os, hvis du ønsker vareprøve, referenceadresser eller rådgivning. Besøg også vores MURRUM-udstilling på Sundgade 3, DK-6320 Egersund, hvor vi giver dig mulighed for at opleve alle vores bestsellere – gå en tur i udstillingen allerede nu: www.egersund-tegl.dk/produkter/udstilling.

IHRE ZIEGELSTEINE

Für die Auswahl Ihres Ziegels sollten Sie sich ausreichend Zeit lassen. Denn nichts anderes prägt das Erscheinungsbild eines Gebäudes so stark wie der Ziegel. Wir empfehlen Ihnen daher sich den Stein immer in Natura anzusehen bevor Sie ihre Entscheidung treffen. Ziegel können sich zwischeneinander in Farbe, je nach Verarbeitung und Brennen des Lehms leicht unterscheiden. Aber schließlich, gibt es gerade etwas Besonderes für Ihre Ziegel. Kontaktieren Sie uns, wenn Sie ein Produktmuster, Referenzadressen oder Beratung brauchen. Besuchen Sie unsere MURRUM-Ausstellung in Sundgade 3, DK-Egersund. Hier geben wir Ihnen die Möglichkeit, alle unsere Bestseller zu erleben. Machen Sie einen Spaziergang durch die Messe jetzt: www.egersunder-ziegel.de/produkte/ausstellung.

YOUR BRICK

However excited you may feel now that you are about to pick the brick you prefer for your particular project, we always advise that you inspect and examine your choice of brick in real life before you make your final decision. Bricks may differ in appearance and slightly vary in colour depending on the way they were processed and burnt. This differentiation is also what gives your brick its special touch and unique expression. If you wish to examine a real-life sample of your choice of brick, or if you would like to check out a reference address, please let us know. Take the opportunity to already now pay a visit to our MURRUM-exhibition at www.egersund-tegl.dk/products/exhibition, or come visit us at Sundgade 3, DK-6320 Egersund where you can experience all our bestsellers in real life.
